The Law Regulating Newspapers and Periodicals.

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions.
2. If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrearages are paid, and subscribers are responsible for all the numbers sent.
3. If subscribers neglect or refuse to take their papers from the office to which they are directed, they are held responsible till they have settled their bills, and ordered their papers discontinued.
4. The Court have decided that a refusal to take a newspaper or periodical from the Post Office, without notifying the publisher, and the payment of all arrearages, is prima facie evidence of fraud.
5. Subscribers to newspapers or periodicals removing, are liable to pay so long as the paper or periodical may be sent to the residence of the party at the time of subscription, unless notice is sent of such removal to the publication office.

CODMAN HOUSE, RE-OPENED!

This spacious and commodious House has been recently refitted and opened for the accommodation of the public, under the management of J. A. BACHELDER, whose observation and experience as a Hotel-keeper is unsurpassed. One of the best Cooks in the country will officiate in the kitchen. The location of the House, and its appointments, cannot fail to render it one of the most pleasant and convenient stopping places in the country.

In connection with the House is a large *Hall* for the accommodation of parties. Also, a large and convenient *Stable*, with double and single stalls, as may be desired; and, having secured the services of one of the most experienced Hostlers, the public may be assured that their Horses will receive the best of care and attention. There is also a large stable fitted up with stancheons for cattle, separate or in droves.

☞ Special pains will be taken to accommodate people emigrating to the Aroostook on the most reasonable terms.

Humor Eradicator,

DISCOVERED by an eminent English Surgeon, after years of study.

This Medicine is unquestionably the *best Alterative* ever used; Purifying the Blood, giving new and healthy impulse to the functions of the system, and rejuvenating the infirm. It eradicates, at once, all kinds of Humors, Cutaneous Eruptions, Cancerous affections, Scaly Eruptions, Leprosy, and all kindred diseases, which have their origin in impurities of the blood.

For Scrofula it may properly be regarded as a Specific. No other preparation known to the world so promptly and effectually cures this fearful malady. Cleanse the fountain and the stream will be pure. Purify the blood and the system will be healthy. Take this Alterative and the blood will be purified. To all who are suffering from Chronic Rheumatism, Liver Complaint, Jaundice, Piles, Humor in the Eyes, Salt Rheum, Blotches in the face, and General Debility, this remedy is offered with the utmost confidence that it will afford speedy relief.

Important to Horse Owners

PORTSMOUTH, N. H. May 10, 1858.
T. C. Butler, Esq.

Dear Sir:—During the last year I have sold some 300 packages of your Miller's Condition Powders for Horses and Colts, and in no instance that I have heard of, have they failed, of giving entire satisfaction.

I regard them as standing at the head of all Horse medicines now in the market, and am sustained in this opinion by all the stable-keepers and owners of horses who have used them in this vicinity.

I cheerfully give my testimony in favor of your Powders, and advise all interested to give them a trial. Very respectfully yours,

UNJUST DISCRIMINATION.—In allusion to the following most unjust decision of the General Land Office, the Boston Atlas & Bee well says that a nation whose rulers systematically oppress her poor has cause to be ashamed of its future. That such is the case with this nation to-day is too painfully true. To any man who loves and desires to have a home that he can call his own—to any man that earns his bread by honest labor—the following facts come home as enough to make every decent man and lover of justice the enemy of a party and a power that practice such things. The Pittsburg Gazette states that a large company of colored citizens of Pennsylvania resolved, and that city, being desirous of migrating West and settling, addressed the officers of the Land Office at Washington, inquiring in regard to pre-emption of lands. They received the following reply:

GENERAL LAND OFFICE, March 7, 1859.

To M. Kirkpatrick & P. Asbury, [illegible]

Sir—In reply to your letter of the [illegible] I have to state that under the [illegible] decision [illegible] [illegible] colored [illegible] of the United States [illegible] contemplated by the pre-emption law of the 4th of September, 1841, and are therefore [illegible] legally entitled to pre-empt public lands.

Very respectfully, your obedient servant,
JOSEPH S. WILSON,
Acting Commissioner.

It is then the settled policy of the present Administration to refuse to citizens of the States who may happen to have skins darker than those of some slaveholders the right to occupy the lands which are freely given to all other citizens. While obliged to contribute their proportion to the public expenses, and bear their part of all public burdens, they are denied the rights in the general privileges [illegible] for no other reason than the [illegible] pro-slavery Supreme Court that the framers of the Constitution considered that negroes had no rights that white men were bound to respect. The [illegible] modern democracy embraces and carries [illegible] in practice—as we see from the decision of the Land Office above quoted.

A Boston paper says that the Adirondack Club, formed [illegible] of [illegible] poets and authors as various [illegible] [illegible] James Russell Lowell, Professors Agassiz and Wyman, are about purchasing twelve thousand acres [illegible] in the wilds of the Adirondack, and [illegible] commodious camp houses and making a [illegible] for the annual journey in the woods. As the land [illegible] twelve [illegible] 12,000 acres of woods [illegible] trout brook front [illegible] be bought and paid for without [illegible] in the money market.

Elections for members of Congress are to be held in the course of this year as follows:—Connecticut and Rhode Island [illegible] early in April. Virginia on the fourth Thursday of May or first Monday of August in Alabama, Kentucky and Texas [illegible] Thursday of August. North Carolina [illegible] day of October. In Georgia and Mississippi [illegible] of October [illegible] Minnesota on first Monday of October [illegible] and on first Wednesday of November in Maryland.

It is stated that from [illegible] our Minister writes that Europe [illegible] [illegible] story [illegible] great [illegible] every branch of industry.

We are [illegible] by newspaper correspondents from [illegible] to [illegible] member of the Legislature [illegible] over $100,000 in support of [illegible] railroad bill now [illegible] before the Pennsylvania [illegible].

[illegible] opinion that Buchanan [illegible] trying to [illegible] himself [illegible] *of the [illegible] of Democracy* [illegible].

[illegible] OF POSTAGE TO DENMARK.—The [illegible] of letter postage between the United States and the kingdom of Denmark (*by the Bremen or Hamburg mail*) has been reduced from [illegible] to [illegible] cents—prepayment being optional.

A four hundred dollar cradle is on exhibition in one of the furniture stores in Philadelphia. It is made of papier mache inlaid with pearl and got up with a degree of splendor exceeding anything of the kind that has been presented to an extravagant public. This is worse than gold spoons.

Aroostook Railroad Bill.

The Railroad bill was taken up in the House Tuesday forenoon and Lebroke of Foxcroft made a motion providing for the submission of Smart's amendment to the people. This proposition was advocated by Messrs. Lebroke of Foxcroft, Wells of Freeport, Beatch of Meddybemps and Pike of Calais and opposed by Messrs. McCrillis of Bangor, Dunn of Portland and Smart of Camden, when it was voted down by yeas 69, nays 72 as follows:

YEAS—Baker, Bearce, Bishop, Blake, Blanchard, Blunt, G. H. Brown, Buchanan, Butler, Carr, Carson, Carter, Cary, Cashbourne, Chadwick, Churchill, Clough, Cole, S. Coombs, Darling, Day, Dunton, Estes, R. D. Fuller, Given, Goodenow, Goodwin, Haines, Haskins, Hasty, Hayford, Heal, W. H. Johnson, Jordan, King, Labroke, J. S. Stevens, Talbot, Watts, Webb, Webster, Wilson, Woodman—72

In the afternoon the bill was refused a passage by a vote of 71 to 67.

This vote will be received with regret by all our people who had indulged the hope that the Legislature would take a more liberal view of the subject and encourage the project which would so materially aid in settling and enriching that section of the State—but we leave further comments for the future.

A DOUBTFUL COMPLIMENT.—The Calais Advertiser gives their Representative F. A. Pike, Esq., the following compliment, which seems to be rather a singular endorsement. Will his position upon railroad matters at Augusta warrant the conclusion?

"Mr Pike replied to him in a speech three hours long, in which he denounced the projectors and stockholders in railroads as schemers, public plunderers and selfish speculators.—Mr Pike has had sufficient practical experience in Railroad affairs to know whereof he speaks."

The following officers were elected last evening at the regular meeting of Bangor Division No. 14 Sons of Temperance:

George Vincent, W. P.; Wm. H. Hyde, W. A.; M. I. O. Withers, R. S.; Fred C. Low, A. R. S.; Wm. L. Pitcher, F. S.; O. H. Ingalls, T.; B. D. Emery, C.; Z. L. Bragdon, A. C.; Henry Granville, I. S.; T. H. Hall, O. S.

PROF. GRIMES, the well known and popular lecturer, will speak at Concert Hall, over Norombega, in this city, on Thursday, Friday and Saturday evenings of this week and Monday evening of next week, against modern Spiritualism during which time he promises to show the wonderful manifestations depend entirely upon a peculiar condition of the brain and nerves and that they can be publicly produced in a scientific manner. He will introduce experiments to prove his theory, selecting his mediums from the audience. We know the Professor to be an able and interesting lecturer and we have no doubt that his lectures will be largely attended. The Professor lectured in Portland more than six weeks with decided success.

DR. LANGLEY'S BITTERS.—An error occurred in our advertisement of Dr. Langley's Bitters, the price should have been 25 cents for a pint, and 37½ cents for a large bottle.

Persons desirous of learning the French language are invited to read the advertisement of Mr Reed. He certainly has remarkably good recommendations.

THE CONCERT NEXT WEEK.—The musical community, and our citizens generally will be gratified at the announcement that the City Cornet Band assisted by amateurs of talent will give a musical entertainment on the evening of the 12th inst. This Band has been under very efficient instruction and excellent musical training during the past winter, and has gone through with an excellent role of practice. By faithful and persevering effort the Band has been rendered equal to any in this section of the State and we think it should be encouraged and sustained by our citizens.

DEATH OF MRS LUDDEN.—We learn that Mrs Ludden, wife of the late General Ludden, who died at Lewiston recently took cold on the day of her husband's funeral and has died of the same disease.

FRESHET ITEMS.—On Chandler's River Jonesboro the Log driving dam on the Great Falls was swept away which carried before it the bridge across the main river in the Whitney District. Damage $1200.

Two bridges were floated off on the county road in Franklin, which delayed the daily stages, keeping them behind for several days.—*Machias Union*.

Log driving commenced last week. Some of the branches and rapids on the main river were cleared of ice during the late heavy rains and log owners are using the run of water as advantageously as possible.—*Machias Union*.

Good potatoes sell at Eastport at sixty cents a bushel.

The bridge called "Black's Bridge" on the Narraguagus four or five miles above Beddington was carried off by the late freshet.

The Machias Union says the freshet has subsided in that vicinity without injury to lumber or mill owners.

About thirty persons left in the cars yesterday morning, to be present at the Capitol when the vote on the Aroostook railroad bill was taken in the House.

MR BURNHAM'S CONCERT IN BREWER.—We had the pleasure last evening of listening to a Concert in Brewer, given by Mr Burnham's Singing School, assisted by the Bangor Glee Club. The programme was rather extended but the crowded audience gave no signs of fatigue. The earlier part of the evening was devoted principally to sacred music, in which the class did themselves great credit by the evenness and good time in which they sung, showing how well they had improved the time devoted to them by their very excellent teacher. Several of the ladies had very excellent voices. One or two we noticed in particular who only require cultivation and confidence to make our Bangor trebles look to their laurels. Several members of the "Club" favored the audience with songs &c. Mr Wilder in the "Merry Mountaineer" brought down the house. An encore was insisted upon instead of which he gave a humorous Vermont song. Mr Burnham gave the "Normandy Maid" very acceptably indeed. The entertainment closed with "Auld Lang Syne" by the school, club and audience, standing. By the way, the Glee Club comprises some of our best musical talent. Why will they not give us a concert this spring?—*Times*.

BORING FOR COAL.—In answer to inquiries relative to the search for coal in the town of Perry (Washington county) the Eastport Sentinel says that the drill is slowly but steadily working its way down to the supposed coal bed, and has now reached a distance of something over two hundred feet from the surface. It hopes to be able to announce at no very distant day that an extensive and valuable coal field has been reached.

The resolve to give a half township of land to the Portland Natural History Society was indefinitely postponed in the House, on Friday last by a vote of 47 to 5.

The Liverpool steamer North Briton, which left Portland on Saturday, took out 66 passengers and a full cargo of deal and ashes.

The Portland Band is to give a concert at Lewiston on Thursday of this week.

RUN AWAY WITH.—The Argus says that one of the clergymen of Portland was carried off *vi et armis*, by the steamship Nova Scotian on Saturday. He went on board expecting to go out as far as the pilot took the ship and to return in his boat. But the pilot kept on to St John, and the clergyman was obliged to go with him.

OLDTOWN.—Burnham's popular Panorama of the Life of Christ will be exhibited at the Methodist Church in Oldtown this evening. It will be exhibited at Orono on Thursday evening. This Panorama is really worth patronizing.

SERENADERS.—We were indebted to several male and female voices for a vocal serenade on Monday evening. They were evidently amateurs and for the pleasure we derived from their welcome favor we tender our thanks.

Agnes Wright, who the Cincinnati Enquirer says is a young and beautiful woman, and who no one would suspect of having a tinge of African blood in her veins, was manumitted at the Probate Court at Cincinnati on Monday by her owner, Reuben Wright of New Orleans.

Just before the train at Milwaukee started for Chicago on the 21st inst. a young and not very bad looking man, was observed at the depot to be intoxicated, and for a few minutes was the cause of considerable merriment among the boys there. When the train was put in motion, but before any speed was up, the poor fellow reeled towards the platform of the rear car and fell under the wheels which cut his body in two entirely severing the parts.

It is stated that Bayard Taylor, "the American Gossamer," as literary men call him, has actually refused seven thousand dollars a year offered him for the exclusive use of his pen by the New York Mercury.

A POLICE EXCITEMENT AT CINCINNATI.—By the following extract of a letter from Cincinnati it will be seen that the democracy in Ohio has adopted the same kind of a police bill for that city as the one which, applied to the democratic city of New York by a Republican Legislature, aroused such transports of indignation in the party press last year.

"The Cincinnati Police Bill, just passed by the Democratic Legislature, attracts much notice and excites a great deal of indignation.—Cincinnati with its 4,000 voters has a clear opposition majority. But these popular sovereignty advocates have taken the whole power of appointing and regulating the pay of the police for the next five years out of the hands of the people and committed it to five Commissioners to be appointed by three officers, a majority of whom are democrats who were elected for quite another purpose. The object of the movement is simple. Cincinnati was formerly Democratic. The police (as it always will be if selected for that purpose) was a most potent machine for keeping the party in power. The Legislature to be elected next fall will choose a U. S. Senator to succeed Mr Pugh. This city elects ten or twelve members of the Legislature who may hold the balance of power. The struggle will be a desperate one. Hence the Democracy are willing to lose the approaching municipal election if they can carry the members of the Legislature. In all human probability however they will be foiled, and Gov Chase will be the next Senator from Ohio.

SAD RESULT OF IMPRUDENT BATHING.—The death of the lad John Davy, of Newtonville, ten years of age occurred on Friday last under the following circumstances:—After eating his dinner he with two younger companions one of whom is a son of Mr. Wetherbee, the well known music teacher of this city, proceeded to a pond in Newton, where, notwithstanding the icy condition of the water, the Davy and Wetherbe boys divested themselves of their clothes and went in to bathe. The third boy did not take off his clothes but simply waded in. It is probable that they were not in the water but a short time for a single dash must have thoroughly chilled them. Just as they completed dressing, a baker's cart passed along, on which the Davy boy obtained a ride. While on the cart he was seized with violent spasms, and was carried into a house in the vicinity of Weston, where he died in the space of half an hour. He was buried yesterday, from his home at Newtonville. We understand that his body presented a remarkable appearance, the color hovering about the lips, as if it had lingered, loath to depart. The Wetherbee boy, after leaving the pond, started for home, but fell insensible just as he reached the yard, where he was found by his parents. He was immediately put under the care of a physician and his life saved. It was at first rumored that the boys were attacked in consequence of eating roots in the field, but it is now supposed they were of a harmless character.—*Boston Atlas*.

AN AMERICAN EDITOR AND AN ENGLISH PRINCE.—The editor of the Utica Herald, who is traveling in Africa, recently visited the ruins of Carthage and in a letter to his paper dated Tunis January 6 narrates the following:

"While I was examining these relics of the past my meditations were disturbed by the arrival of young Prince Alfred of England, and a lot of rollicking lieutenants and midshipmen, whose ship was lying at anchor in the Bay of Tunis. Travel is a great leveller and I sublimely condescended to treat this beardless sprig of royalty with just as much respect as if he hadn't been a mere second son of a Queen, or I an honorary member of the John Brown's Tract Fishing Association. As I happened to know a good deal more about the ruins of Carthage than either his Royal Highness or any of his companions, I played the part of cicerone for the party. As I may not have occasion to refer to him or his again I may state that Prince Alfred is quite a pretty boy small and frail for his age which is fifteen, and apparently modest and intelligent. He had lots of questions to ask about America and said he would like hugely to visit it. Whereupon I appointed myself a committee of one on Reception of Distinguished Strangers, and pledged him a salute of thirty guns from the gallant 'Forty fifty,' besides an enrolment in the ranks of the Walton Fishing Club, should he visit us. I am told by one of his brother officers that he is really popular among his shipmates and is not particularly scared to take advantage of his station. The other day he called one of the mates an old fool, for which piece of impudence he got a box on the ear that sent him reeling and blubbering to his cabin. He complained to his servant (who is a *major* of high standing in the army) but nothing was taken of the matter."

SOUTHERN GALLANTRY AND HOSPITALITY.—The New York Commercial Advertiser gives an account of the brutal and disgraceful manner in which a lady of Brooklyn has lately been driven from Aiken, S. C. She had been spending the winter at a hotel there with a sick daughter who required a mild climate. Some weeks ago she wrote a letter to a brother in western New York, in which she spoke of the evils of slavery. This letter was published and some one sent a copy of the paper to the Postmaster at Aiken. A public meeting was immediately called, and a committee appointed to ferret out the writer. A Northern gentleman who, as an invalid, happened also to be at the hotel, was suspected and was threatened with lynch law if he did not confess. As of course he could only persist in a denial, he would probably have suffered accordingly had not the lady nobly come forward to exonerate him by acknowledging the letter as her own, affirming at the same time that she was not privy to its publication.

The citizens thus turned their wrath upon her and she was peremptorily ordered to leave the place in forty eight hours. The lady pleaded for more time on behalf of her sick daughter but the citizens of Aiken knew no such humanity. She asked for liberty to remain until her husband could arrive to escort her and her sick child. But the citizens of Aiken knew nothing of gallantry or courtesy. The order was imperative, in spite of the care necessary to the woman who offered no other. Nor was this all. The landlord of the hotel ordered the mother and sick daughter to leave the premises in half an hour. What further occurred between that lady and the inhuman citizens of Aiken, South Carolina we are not informed. But we learn that on Wednesday morning last her husband received a letter apprising him of her situation, and, at the afternoon of the same day he started for the South, and met his wife and daughter at Columbia on their way home.

AFRICAN ELOQUENCE.—Missionaries are bringing to light many interesting facts in regard to the mental characteristics of the people of Africa. Mr Moffat, who has seen much of the southern part of that continent, gives the following narrative, related to him by a man from Central Africa. It is perhaps without a parallel for its simplicity:—"My years were eighteen. There was war. At that time my mother died. My father died. I buried them. I had none. The Foulahs caught me. They sold me. The Houssa people bought us. They brought us to Tembus. We got us. To a white man they sold us. We had no shirts. We had no trowsers. We were naked. In the inside of the water—into the midst of a ship they put us. It burst. Somebody killed somebody. By hunger killed somebody. By night we prayed. At the same time we prayed God heard us. The English are good. God sent them. They came. They took us. Our hunger died. Our thirst died. Our chains we took off from our feet. Shirts they gave us. Trowsers they gave us. Every one was glad. We all praised the English. Whoever displeases the English into hell let him go."

AN EXPERIMENT IN DRAINING.—Where one witnesses the change of a sterile soil into a fertile one through the influence of draining, it is conclusive evidence of the value of labor applied. Such has recently come to our notice and we will recall it for our readers.

It not unfrequently happens in hilly or undulating districts that intervals and damp springy soils abound requiring draining before they can be brought into profitable cultivation. The instance in question was a field of large surface quite free from stone but receiving from the higher land a continual supply of clear cold, soft spring water, which ran over its whole surface. The owner faithless of reclaiming the lot, was yet desirous of retaining the water to supply a reservoir for cattle. This was mainly accomplished by cutting a drain across the slope of land near the upper side of the field, for about a hundred and a half in length, which did so much or drain the surface that other ditches were needed to complete the work. The drains were finished with the usual stone usual to such ditches, carefully laid and covered with a good coat of straw, before replacing the dirt. Now for the change produced.

A crop never grew upon this lot from the time it was cleared until after it was drained. Water grasses and weeds were the only product but since draining it has produced annually over two tons of hay per acre without any manure. The appearance of the soil is wholly changed from a tenacious blue clay adhering like tar—it has a clean, black clay loam—just such a soil as always produces remunerative crops to the farmer.—*Country Gentleman*.

A little son of Thomas Black, while playing recently in Lewis street, New York, was scalded to death by hot water running in the gutter from an iron factory. The coroner's jury gave a verdict of accidental death, but the father has entered a complaint against the factory proprietors showing that many other children have been similarly, though not fatally scalded and disclosed the fact that the Jury originally determined to call the proprietors to account for gross culpability, but were instructed not to do so by the Deputy Coroner, to whom they reluctantly yielded.

MAIL TO PIKE'S PEAK.—*Washington* Contracts to carry a daily mail from Leavenworth to Coraville, Pike's Peak, were made under an act of 1825, authorizing the establishment of a special Post Office, to be sustained by the net proceeds. The compensation is in no event, to exceed $500 per annum. If the Post Office bill had passed, and contracts made under it, this service would cost $30,000 or $40,000 a year.

A PICKPOCKET CAUGHT.—Friday evening, as the train from New York for Worcester and Boston, arrived at Worcester, Mrs Eliza Canaday, a lady passenger, felt a strange hand in her cross pocket and immediately seized the owner of the hand who proved to be a young fellow named William Mount. Other passengers assisted the lady and took Mount into the baggage car, where he was searched but nothing was found upon him. He was watched until the train reached the depot in this city, when he was handed over to the custody of the 4th Police, and after being taken to the station, was thoroughly searched and a portmonnaie containing $444 19 in cash, was found in one of his boots. The money and portmonnaie were identified as the property of Mrs Canaday, and Mount was on Saturday bound to the Police Court and held in $1,500 for his appearance at Worcester for trial.—*Boston Journal*.

DEATH OF A BRIDEGROOM.—A young man named Myron Reed, a resident of Tully, Onondago county, N. Y., was engaged to a Miss Louisa Brown, of the same town and the celebration of their nuptials was to have occurred on Monday the 14th inst. On Saturday while paying a visit to his betrothed Mr Reed took up a letter and proceeded to peruse it. While thus he was occupied a long time in the perusal the young lady spoke to him but he did not answer, she went nearer and spoke louder, but when she came near to him, discovered that he was a corpse! Reed was buried on Monday—the very day fixed for his marriage.

CHARGE OF ROASTING A MAN TO DEATH ON BOARD A STEAMER.—John Buchanan, chief engineer of the screw steamer Dakota (just arrived at Liverpool from the Baltic), was charged before the local magistrates yesterday with causing the death of a stoker, (Thomas Launder) by having him tied to a ladder in front of the furnace on board the above vessel. Launder had disobeyed some orders and the prisoner instructed the second engineer to tie Launder to an iron ladder in front of the furnace. The heat was fearful, and in half an hour Launder died (as the doctor on board said) of apoplexy. His body was thrown overboard without removing the clothes and before the Doctor had examined it. Buchanan was committed for trial.—*London News, March 7*.

The Paris Charivari reproduces an Italian peasant [illegible] full length upon his belly and a huge Austrian soldier sitting with all his weight upon him, deaf to the cries of his victim. Underneath is written: The situation of Italy.

FOR PIKE'S PEAK.—The St Louis Democrat of Friday says that every boat bound up the Missouri is crowded with passengers bound to the gold regions. The four boats were to leave on that day with an average of perhaps two hundred and fifty passengers each. Every boat from the South, the North and the Illinois and Ohio river brings from five to a hundred and fifty Pike's Peakers.

ROBBERY AT THE SAILOR'S HOME.—The young man Ashford, who was arrested in Boston for the robbery committed in the Sailor's Home mentioned in a late issue acknowledged to Marshal King that he had an accomplice by the name of Kimball who boarded at the time in the house. Kimball was arrested on Sunday, and committed to jail. The watch was found in the possession of one of the managers of the boat on whom Ashford had entrusted it.—*Portland Adv.*

There are now many men in San Francisco whose families are in a state of destitution who a few years ago were worth thousands of dollars. Speculation in real estate ruined them. One family that were intensely aristocratic during their gilded days now keep boarders and take in washing.

Michael Maginnis, a watchman on the Pennsylvania Railroad, walked over a precipice of one hundred and twenty eight feet at the Jack Saddle Falls, near Pittsburg last Friday night. He managed to crawl to a neighboring house and was still alive at last accounts.

AUGUSTA, March 29.

The Aroostook Railroad Bill was refused a passage in the House this afternoon, by a vote of sixty-seven to seventy-one.

WASHINGTON, 25th.

It is understood that the counsel of the new Almeda Mining Co. have asked the President to interfere in a suit now pending in California so as to procure for them certain papers from the Mexican archives, but Attorney General Black has reported against the application on the ground that the papers are probably not genuine and that the Mexican officials cannot be trusted to certify to them, owing to the perpetration of frauds already discovered.—The Government declining to ask for those documents, Maloco will be left to transfer them on its own responsibility for the benefit of the claimants.

Attorney General Black purposes leaving Washington to-morrow for Pennsylvania.—From thence he goes to New York and Charleston, S. C. It was his original intention to go to Havana and he had taken out his passports for doing. He will be absent five weeks and a temporary cessation from official business is necessary to the restoration of his impaired health.

NEW YORK, 26th.

The steamer Granada arrived this afternoon from Havana, bringing the remainder of the California passengers landed by the Illinois at Havana, together with the treasure, amounting to upwards of one million of dollars.

Advices from Panama are to the 19th inst.

The sloop-of-war Cyane had arrived at Acapulco, and sailed at various ports on the South American coast.

Gen. William Walker had gone to California in the Golden Age.

The frigate Roanoke, sloop-of-war Brooklyn and sidewheel steamer Merrimac, Commodore Redgers, were at Aspinwall. The Brooklyn was to sail in a few days for the Mexican coast. The Cyane sailed the 16th inst., for Rodego.

A revolution had broken in the Mexican state of Chiapa. The city of Comitan was taken by assault, and many lives lost. The store and house of James McKinney was sacked and burnt, and much other property belonging to him destroyed. The insurgents were meditating an attack upon other places, and a Guatemalan force had been despatched to the front, or to protect property.

Dates from Valparaiso are to Feb 16.

Disturbances continued in Chile. Caldera and Copiapo were in the hands of the Rebels, Talca was also still in their possession, and they were making a formidable opposition to the Government troops, who were besieging that city.

The cities of Tome, Conception and Talcahuano, which had been in possession of the revolters, had been retaken.

The difficulties between Peru and Ecuador were unadjusted.

A Peruvian squadron was anchored abreast of Guayaquil, but no conflict had occurred.

One of the blockading squadrons had seized a Spanish vessel which had attempted to evade the blockade, and the Spanish Consul in Guayaquil had demanded reparation.

There is nothing of importance from California.

NEW YORK, March 29.

Havana papers state that the steamer Jeannette, when wrecked, was en route from Jamaica for Nicaragua. She struck on the Riscondor Reefs, on the night of Feb 26th, and went down so suddenly that nothing was saved from her except the crew, who were 10 days without food and 8 without water. The captain, four officers, and fifteen men had arrived at Santa Cruz. The Captain General of Cuba had dispatched a government steamer to Santa Cruz and also another steamer to search for the missing boat, containing thirty men.

CINCINNATI, March 23.

The steamer Nat Hoskins, bound from Pittsburg to St Louis, with one hundred and fifty passengers, mostly emigrants to Pike's Peak, collided with the steamer David Gibson, from New Orleans for Cincinnati, with a cargo of sugar and molasses, opposite Aurora, Indiana, last night. Both boats sank, and their cabins floated off. Fifteen or twenty persons are supposed to have been lost on the Nat Holmes—and, indeed, one account says that only one hundred of her passengers were saved. The David Gibson had but a few passengers, who are all supposed to have been saved; but two or three of the crew are missing. The David Gibson was owned here, and valued at $18,000,—insured for two-thirds that amount.

LEGISLATURE OF MAINE.

SATURDAY, March 26.

In the House.

Passed to be engrossed—An act defining liabilities of mill owners; an act concerning allowance to widows; an act additional to chap. 26 of the Revised Statutes in relation to trustee process; an act regulating the change of text books in public schools; resolve in favor of appointing a Fish Commissioner; in favor of Presque Isle Academy.

Notes read and assigned—An act to increase the salary of the County Attorney for the County of Piscataquis; resolve in favor of nursery persons for guarding fall in Cumberland county in 1856; in favor of Penobscot Indians.

An act additional to chap. 86 of the Revised Statutes, relating to trustee process was taken up.

Mr. Wells opposed the bill and moved to indefinitely postpone.

Messrs. Gonzienow, Lobroke, Pearce and Dow supported the bill, and it passed to be engrossed.

An act in addition to chapter 11 of the Revised Statutes, in relation to the education of youth was, on motion of Mr. Gilbert, indefinitely postponed.

MONDAY, March 28.

In the Senate.

Bill in relation to the distribution of school monies among the smaller districts, (passed to be engrossed in the Senate,) came from the House indefinitely postponed.

Mr. Fletcher moved that the Senate adhere, which motion prevailed.

Mr. Fletcher, from the committee on the Judiciary, reported legislation inexpedient on an order relating to the fees of Clerks of Courts. Accepted.

Mr. Anderson called up the resolve relating to County Taxation, and the same passed to be engrossed as amended.

Read and assigned—Bill for the protection of the Houlton and Baring road; in addition to the auditing and settlement of accounts and claims against the State; to define the liabilities of mill owners; regulating the change of text-books in public schools; additional to chap. 86 of the Revised Statutes, relating to trustee process; to amend chap. 11 of the Revised Statutes, in relation to the education of youth.

Passed to be engrossed—Resolve to facilitate the opening of a road to Mount Katahdin; resolve in favor of Hector Sutherland; bill to sell certain territory from Chesuncook to Pittston; resolve authorizing the Land Agent to convey certain lots in township No. 4 Range 2 North of Bingham's Kennebec purchase; resolve in favor of John McClusky; resolve to extend the provisions of a resolve approved March 27, 1858, in favor of the East Maine Conference Seminary; bill to incorporate the Benton Bridge Company.

Mr. Telford called up the bill to encourage manufactures; the question being on Mr. Marshall's amendment giving the towns the liberty to exempt manufacturing establishments for five years.

A lengthy debate upon the question on Marshall's amendment to submit the question of exemption to the people, was rejected—yeas 9, nays 16.

The bill then passed to be engrossed in concurrence.

Passed to be enacted—Bill to repeal an act additional to and to incorporate the Maine State Seminary; additional to chapter 12 of the Revised Statutes.

In the House.

Read and assigned—Resolve in favor of the town of Blanchard; an act to enable the town of Cumberland to accept the bequests made to said town by the late Elphalet Greely in his last will and to carry out their purposes therein; an act additional to chapter two of the Revised Statutes relating to the Militia; an act additional to chapter 47 of the Revised Statutes relating to Banks and Banking; an act additional to chapter 81 of the Revised Statutes.

Passed to be engrossed—An act providing for the distribution of the Annual School Blanks and Registers; an act additional to an act to incorporate the Norway Village Corporation; an act to provide for the distribution of the State School funds; resolve in favor of the Penobscot Indians; resolve in favor of John F. Stevens; resolve in favor of sundry persons guarding jail of Cumberland county in the year 1856; an act to amend chapter 47 of the Revised Statutes relating to Banks and Banking; an act to increase the salary of the County Attorney of the County of Piscataquis; an act for the assessment of a State tax; an act to amend an act entitled an act to incorporate the Machias Log Driving Company; an act to make valid the doings of Drew and Webster Plantations.

Reports of the Committees accepted—On State Lands and State Roads, by Mr Prince, legislation inexpedient on order relating to lands owned in common by the State and individuals.

On Judiciary, by Mr Goodenow, legislation inexpedient on order relating to fees of Registers of Deeds. Report tabled.

The bill to incorporate the town of Presque Isle, came from the Senate amended. The House non-concurred in amendment A of the Senate omitting letters E and G and proposed a conference appointing Messrs Gilbert of Bath, Foster of Presque Isle, and Bains of Augusta conferees.

The bill and resolves relating to a new State valuation came up in order. They were read

"BUY ME AND I'LL DO YOU GOOD."

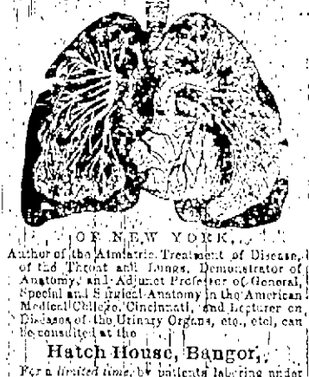
DR. R. RICHARD CLAY,



OF NEW YORK,

Author of the Almanac Treatment of Diseases of the Throat and Lungs, Demonstrator of Anatomy, and Adjunct Professor of General, Special and Surgical Anatomy in the American Medical College, Cincinnati, and Lecturer on Diseases of the Urinary Organs, etc., etc., can be consulted at the

Hatch House, Bangor,

For a *limited time*, by patients laboring under the various forms of disease, especially Diseases of the Throat, Lungs, Liver, Spleen, Skin, Urinary Organs, and all Diseases of Women, in the cure of which he has met with almost universal success.

Dr. Clay has cured, by his superior method of MEDICATED INHALATION, Diseases of the Throat and Lungs after every other means had been tried in vain.

A New Invention

Dr. Clay has a Laryngoscope, with Powerful Reflectors, which was recently imported expressly for him, from Vienna, by which he is enabled to look into the Throat as far as the Bifurcation of the Trachea. With it, diseases *can be detected* without the least inconvenience to the patient, that cannot possibly be in any other way. Examinations conducted in the night just as well as in the day time.

DISEASES OF FEMALES.

Dysmenorrhœa, Amenorrhœa Leucorrhœa, Ulceration of the os and cervix uteri, and all other Diseases of Females, *are also cured.*

Cancers, Tumors and Warts, removed and cured, either with or without the use of the knife.

ADVICE INTERVIEW Free. The Heart, Throat and Lungs examined with the Laryngoscope and Stethoscope.

P. S. Dr. Clay's friends and former patients, whether they require his services or not, are respectfully invited to call.

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via Panama R. R.

CAUTION TO THE PUBLIC.

On account of the numerous frauds and impositions on travelers, those bound to California are cautioned to buy Tickets at the only authorized Agencies of the United States Mail Line, as below.

By order of the Post master General, the United States Mail Steamers will hereafter be despatched from New York to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense*. This is the only line giving entire Through Tickets, guaranteeing no detention on the Isthmus.

Transit made in *four hours entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation, over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage, with the greatest comfort and safety to health.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and tickets thus signed can be obtained of the *only authorized Agent* for the U. S. and Pacific Mail Steamship Companies, in this city. C. L. BARTLETT, Agent, No. 16 Broad street, Boston.

YOU HAD BETTER TRY MY MOTHER'S SALVE!

THIS CELEBRATED PREPARATION has obtained an enviable and WORLD-WIDE reputation for its ONLY CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this SALVE, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"MY MOTHER'S SALVE" Is a PERFECT CHEMICAL COMPOUND, prepared from ROOTS, HERBS AND GUMS, gathered from the forest, and possesses *Healing, Soothing* and *Pain-Relieving Virtues* never before combined in a Salve or Ointment.

"MY MOTHER'S SALVE" Is SAFE AND EFFICACIOUS, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a PERMANENT CURE.

"MY MOTHER'S SALVE" In a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"MY MOTHER'S SALVE" Is worthy of confidence, and thousands, having used it and recommended it to their friends is a test of its worth. *Directions for using* "MY MOTHER'S SALVE" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions renewed at times as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with the Salve. In case of Cough, Tightness of the Lungs, Sore Throat and such like ails, rub in. In case of Rheumatism.—In any case of pain a good result follows the use of this Salve. Prepared by A. M. BECK.

PERRY DAVIS' Vegetable Pain Killer!

REV. T. ALLEN, writing from Tavoy, Burmah, says:—Within the past four years I have used and disposed of above five hundred bottles, but am now out. Please send me a fresh supply (through the Mission Rooms) as soon as you can, say two hundred bottles. I dare not be without it myself, and there are endless calls for it both by Karens and Burmans. I always take it with me into the jungles, and have frequent occasions to use it both on myself and others. One night, while sleeping in an open Zayat, I was awoke by a most excruciating pain in my foot. On examination I found I had been bitten by a Centipede. I immediately applied the Pain Killer, and found instant relief. In less than an hour I was again asleep.

Rev. H. L. Van Meter, of Bassein, India, writes:—Here let me assure you that we prize your Pain Killer very highly. For the first two or three years of our residence in India we were greatly afraid of its valuable properties, and did not use it, but now would hardly feel safe without it for a single day. Only a few nights since, Mrs. Van Meter was stung by a scorpion, and intense pain was instantaneous throughout the arm, and a numbness of the fingers followed. By the continued application of the Pain Killer for an hour or more, and at intervals during the night, the alarming symptoms were subdued, and in the morning only a slight soreness was felt in the finger. I gave it in a severe case of Fever and Ague, according to directions, and it acted like a charm, breaking it up at once. The Karens have great confidence in it.

Mr. W. L. Carpenter writes from Calcutta,—"Perry Davis' Vegetable Pain Killer is a very valuable medicine, and most people here that have used it entertain a high opinion of its worth."

Bombay, Dec. 4th, 1857.
Messrs. P. Davis & Son—Gents: We have sold the shipment of Pain Killer per ship Martha, and hope to close that per ... in a few days. Herewith find a draft for £20 on the Mercantile Bank of India, London and China, to your order. Hoping to remit you soon for ... Yours truly, [illegible] & Co.

Melbourne, Australia, May 11, 1858.
Messrs P. Davis & Son—Gents: The "Bill Tabor" ... 24 boxes, and the "State of Maine" with 48 boxes, of your valuable Pain Killer, have arrived and the Pain Killer is sold at 10s per dozen. Neither of the lots are landed yet, but we hope they will be in time for us to forward your account sales and remittance by this mail. Some two ... months are divided among four different buyers, two of whom would each have taken the whole if we would allow it. This is the best ... we can make on your Pain Killer. ... READ! READ!! READ!!!

Many persons suffer severely by sore or weak eyes. The reflection of the sun on the snow almost blinds them, their eyes water when they are exposed to a slight wind, or have to travel or ride in the open air, a strong light blinds them, they suffer a smarting, burning sensation as if dust was thrown in the eye, they are unable to read or write by gas or lamp light. All these troubles can usually be remedied by the use of

Dr. Pettit's American Eye Salve.

Rev. C. H. M. Woodward, writes: *GOGGLES and GLASSES, my companions for eighteen years*, have been laid aside. I meet all the storms of winter and dust of summer with the naked eye.

DR. HOBENSACK'S Worm Syrup and Liver Pills.

PROBABLY one reason why Worm Medicines so frequently fail of any good effect, is the fact that they contain no qualities except as *Worm Killers*. Consequently, in many instances where we mistake the symptoms of disease and doctor for worms, when the cause of disease is not worms, but *a derangement of the system and consequent debility and ill health, no good result follows*; whereas in the use of *Dr. Hobensack's medicine, it being an active remedial agent*, as well as *worm killer*, the patient immediately gets well, though no worms are brought away.

Thus it will be readily seen that it possesses *many advantages* over other worm medicines, as it is not only sure to kill and bring away the worms, but builds up and restores the patient to general health, besides...

THE LIVER INVIGORATOR,

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These *Gums* remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and, what is better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents nightmare.

Only one dose taken at night, loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure *Dyspepsia*.

One dose of two teaspoonfuls will always relieve *Sick Headache*.

Only one dose immediately relieves Colic, while

One dose often repeated is a sure cure for *Cholera Morbus*, and a preventive of *Cholera*.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for *Jaundice* removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures *Chronic Diarrhea* in its worst forms, while *Summer and Bowel Complaints* yield almost to the first dose.

A few bottles will cure *Dropsy*, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for *Fever and Ague, Chill Fever*, and all *Fevers of a Bilious type*. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

LIVER INVIGORATOR

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

Price One Dollar per Bottle.

American & Foreign Patents

R. H. EDDY, SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington (under the Act of 1837.)

76 State St., opposite Kilby St., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGERT.

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made on twice rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Honey Blade Grass.

THE results which have been attained, in the experiments in the cultivation of this new imported species of product, have awakened an interest among the farming classes, in ... never before equalled in the entire history of our agricultural industry. Facts, in regard to its valuable properties, which at first seemed almost incredible, have now been established beyond the possibility of a doubt, and it is believed by those best capable of judging of its merits, that its general introduction will add millions of dollars to our agricultural wealth. I have not the space here to enter into details, but will present briefly some of its advantages.

First—It will produce double the weight, to the acre, in any soil, of any other kind of grass. From four to six tons per acre is not an uncommon yield, and I am in possession of authentic statements by disinterested and reliable persons, of a yield of over eight tons of good dry hay from a single acre, in soil where it was not possible to get more than one half the amount from any of the common grasses.

Second—The same weight possesses more nutriment, and, consequently will sell for a higher price in the market, thus insuring the farmer more than double the return from his ... that he could obtain from any other forage plant. The hay possesses one third more nutriment than timothy, and has sold for $15 per ton, when the price of timothy was but $10 or $12.

Third—Both hay and seed can be raised from the same crop, the hay being equally valuable as other hay after the seed is taken from it, while the seed is as valuable as the best of other grain, as a feed for horses, cattle, pigs, chickens, &c., and it is proved to be superior to linseed for the manufacture of oil, and meal. It ... ready sale, at a fair price, for ...

Fourth—It matures in about two ... and can be sown on grounds where other ... have failed, either by drouth or other causes ... at the same time, will yield a large return.

Fifth—In northern climates, where the ... other grasses are killed out by hard winters, it will yield a large crop, and, in those sections of the South where other grasses will not thrive at all, it will grow very prolific.

Sixth—It will stand all kinds of weather, and, whether the season be wet or dry, the farmer may always rely upon his *Honey Blade* as a sure crop.

These and other advantages are proved by testimony which are endorsed by some of the first agriculturalists of the Union, and cannot fail to carry conviction to every intelligent reader.

Having been engaged during the past year in the purchase and importation of the pure *Honey Blade Seed*, I have determined to offer it for sale on such terms as will make it an object for every farmer and planter to interest himself, during the coming season, in its cultivation. It is put up in uniform bags, of the ... sixteen pounds ..., the amount being sufficient to seed one acre, and the price is $3 per bag, delivered in New York or St. Louis.

Single bags, or lots, can be sent to any part of the country as freight or by express, and will be put up, delivered for transportation, and the proper arrangements made, free of charge.

Each bag is stamped with the Hungarian ... of arms, and the following lettering: "*Honey Blade Hungarian Grass Seed.*" It will be sold by agents in various sections, but parties should be careful of whom they purchase, and secure the pure genuine seed. They are especially cautioned not to purchase the common Hungarian Grass Seed, as it is very far inferior to the Honey Blade.

An interesting pamphlet, containing all of the facts, and full particulars, will be furnished, free of charge, by me or any of my agents, upon application. I will state, as an indication of the intense interest which the subject is exciting, that nearly a quarter of a million of copies of this pamphlet have already been applied for.

Parties desiring to secure seed should order at once, as the indications are that the limited amount obtained will be exhausted long before the season of sowing has passed. Those who secure seed this year can realize a rich return by producing seed to supply the demand of farmers and planters for sowing another year.

Orders should be sent directly to me, unless in the vicinity of New York, where they will be filled by J. M. EMERSON & CO., 408 Broadway, New York, General Agents.

Agricultural Houses, General Merchants, and any other parties properly situated, are invited to become agents for the sale of the *Honey Blade Seed*. Authority, full particulars and from 10 to 100 pamphlets for distribution, will be furnished either by me or the New York Agency, on receipt of 25 cents, to prepay the package.

I am authorized to name the following well known gentlemen as references: Hon. J. R. Barrett, President of the St. Louis Agricultural and Mechanical Association, Vice President of the National Agricultural Society, and Member of Congress elect from St. Louis; Geo. T. Tilley, Oxford, Md., President of the National Agricultural Society; John J. Anderson, Banker, St. Louis; John Riggan, Jr., Broker, St. Louis; and, ex-Mayor Washington King, St. Louis.
